CLINICAL ASSESSMENT

ALEX demonstrates strong and consistent academic competency, with a well-rounded performance profile across assessed subjects. Areas of particular strength include Christian Religious Education and Kiswahili, which reflect ALEX's core academic aptitudes and should be actively nurtured. ALEX demonstrates an emerging challenge in Mathematics and English, representing a priority intervention area to prevent further progression gaps. The overall trajectory indicates a highly capable learner well-positioned for continued academic advancement with targeted support in identified areas.

SUBJECT ANALYSIS

Performance Matrix

SUBJECT	LEVEL	COMPETENCY	TRD
Christian Religious Education	4 · EXEMPLARY		=
Exceptional aptitude demonstrated. Enrichment, advanced engagement, and leadership opportunities are clinically recommended.			
English	3 · PROFICIENT		=
Demonstrates proficient English competency. Strong academic communication foundation well-suited for humanities and professional pathways.			
Kiswahili	4 · EXEMPLARY		=
Exceptional Kiswahili aptitude. A significant linguistic asset across multiple career and civic pathways.			
Mathematics	2 · DEVELOPING		=
Developing mathematical competency with identifiable procedural gaps. Structured support in problem-solving strategies and concept application is indicated.			
Social Studies	3 · PROFICIENT		=
Demonstrates proficient social and civic knowledge. Strong foundation for humanities, law, and public service pathways.			
Integrated Science	4 · EXEMPLARY		=
Exceptional scientific aptitude identified. Strong STEM pathway candidate — science fair participation and advanced projects are recommended.			
Creative Arts & Sports	4 · EXEMPLARY		=
Exceptional creative and athletic aptitude. Sports science, graphic design, performing arts, and coaching pathways are strongly indicated.			
Agriculture & Nutrition	3 · PROFICIENT		=
Demonstrates proficient agricultural and nutritional knowledge. Good foundation for agribusiness, food science, and environmental sustainability.			
Pre Technical Studies	4 · EXEMPLARY		=
Exceptional aptitude demonstrated. Enrichment, advanced engagement, and leadership opportunities are clinically recommended.

Confidence:

MULTIPLE PATHWAYS

This learner has the ability to succeed in more than one pathway.

STEM PATHWAY POTENTIAL

This learner is one step away from STEM. Improve the following before Grade 10:

- Mathematics — currently Level 2, needs Level 3

TO UNLOCK STEM

- Mathematics — currently Level 2, needs Level 3

TO MAINTAIN SOCIAL SCIENCES

- Keep English at Level 3+
- Keep Kiswahili at Level 3+

WHY THIS PATHWAY FITS

- Demonstrates Exemplary competency in Christian Religious Education and Social Studies, which are core subjects of the Social Sciences pathway.
- Communication, civic reasoning, and analytical skills align well with Social Sciences requirements.
- Social Sciences opens access to law, business, education, and public service — high-demand careers in Kenya.

SUBJECTS TO STRENGTHEN BEFORE GRADE 10

- Mathematics

WHAT THIS MEANS FOR YOUR CHILD'S FUTURE

The Social Sciences pathway in Grade 10–12 leads to Law, Business, Education, Public Policy, and Finance — careers at the heart of Kenya's growth story. ALEX's current trajectory suggests a strong fit for these intellectually stimulating and socially impactful pathways.

HOLIDAY STUDY PROGRAMME

3-Week Holiday Action Plan

Designed for boarding school students · Starts Day 1 of the holiday

WEEK 1 · DAYS 1–7

45 min/day · Mathematics, English

FOUNDATION WEEK — Close the Critical Gaps
Goal: Build solid foundational understanding in priority areas before the next term begins

- Fractions, decimals, and percentages — 20 practice problems per day
- Basic algebra: simplify and solve linear equations
- Work through 2 past paper questions from your weakest topic

WEEK 2 · DAYS 8–14

30 min/day · English, Social Studies

BUILDING WEEK — Apply and Consolidate
Goal: Apply foundational knowledge to exam-style questions and consolidate understanding

- Write one essay per week on a provided or chosen topic
- Grammar: focus on tense consistency and punctuation
- Read a short story and identify narrative techniques

WEEK 3 · DAYS 15–21

20 min/day · Christian Religious Education, Kiswahili

EXCELLENCE WEEK — Reach for Level 4
Goal: Push strong subjects toward Exemplary level through extension and enrichment

- Explore one advanced topic beyond the current syllabus
- Write a one-page essay or analysis on a key theme from this subject
- Research a real-world application of this subject in Kenya or globally

RECOMMENDED DAILY SCHEDULE

MORNING	Mathematics — 45 minutes structured practice
AFTERNOON	English — 30 minutes review and application
EVENING	EduNexus Learning Compass session — 20 minutes

Learning Compass Recommendations

START YOUR FIRST SESSION WITH

Mathematics

This is your highest-priority intervention area based on this assessment.

RECOMMENDED SESSION FREQUENCY

3 sessions per week minimum

HOLIDAY GOAL

Close the identified gaps in Mathematics and English and achieve at least Developing level in all subjects before the next term begins.

3 SPECIFIC TOPICS TO ASK YOUR LEARNING COMPASS TUTOR

- 1 Walk me through the key exam concepts in Mathematics and how to approach them
- 2 What advanced English topics can I explore to reach Level 4 this term?
- 3 Help me create a revision plan for Social Studies for the next 3 weeks
