CLINICAL ASSESSMENT

TUCYLA demonstrates strong and consistent academic competency, with a well-rounded performance profile across assessed subjects. Areas of particular strength include English and Kiswahili, which reflect TUCYLA's core academic aptitudes and should be actively nurtured. TUCYLA demonstrates an emerging challenge in Mathematics and Social Studies, representing a priority intervention area to prevent further progression gaps. The overall trajectory indicates a highly capable learner well-positioned for continued academic advancement with targeted support in identified areas.

SUBJECT ANALYSIS

Performance Matrix

SUBJECT	LEVEL	COMPETENCY	TRD
Christian Religious Education	3 · PROFICIENT		=
Demonstrates proficient competency. Trajectory indicates steady and sustainable academic progress in this subject.			
English	4 · EXEMPLARY		=
Exceptional English language aptitude. Clinical recommendation: advanced reading programmes, essay competitions, and debate club engagement.			
Kiswahili	4 · EXEMPLARY		=
Exceptional Kiswahili aptitude. A significant linguistic asset across multiple career and civic pathways.			
Mathematics	2 · DEVELOPING		=
Developing mathematical competency with identifiable procedural gaps. Structured support in problem-solving strategies and concept application is indicated.			
Social Studies	2 · DEVELOPING		=
Developing social understanding with gaps in civic reasoning and historical context. Regular reading of structured summaries will build competency.			
Integrated Science	3 · PROFICIENT		=
Demonstrates proficient scientific thinking and investigative reasoning. Strong trajectory for specialisation in biology, chemistry, or physics.			
Creative Arts & Sports	3 · PROFICIENT		=
Demonstrates proficient creative and athletic expression. Strong trajectory for arts, design, sports science, and physical education pathways.			
Agriculture & Nutrition	4 · EXEMPLARY		=
Exceptional aptitude in agriculture and nutrition. Agribusiness, food technology, nutritional science, and environmental management are strongly indicated.			
Pre Technical Studies	4 · EXEMPLARY		=
Exceptional aptitude demonstrated. Enrichment, advanced engagement, and leadership opportunities are clinically recommended.

Confidence:

GOOD FIT

STEM PATHWAY POTENTIAL

This learner is one step away from STEM. Improve the following before Grade 10:

- Mathematics — currently Level 2, needs Level 3

TO UNLOCK STEM

- Mathematics — currently Level 2, needs Level 3

TO MAINTAIN SOCIAL SCIENCES

- Keep English at Level 3+
- Keep Kiswahili at Level 3+

WHY THIS PATHWAY FITS

- Demonstrates Exemplary competency in Agriculture & Nutrition and Christian Religious Education, which are core subjects of the Social Sciences pathway.
- Communication, civic reasoning, and analytical skills align well with Social Sciences requirements.
- Social Sciences opens access to law, business, education, and public service — high-demand careers in Kenya.

SUBJECTS TO STRENGTHEN BEFORE GRADE 10

- Mathematics
- Social Studies

WHAT THIS MEANS FOR YOUR CHILD'S FUTURE

The Social Sciences pathway in Grade 10–12 leads to Law, Business, Education, Public Policy, and Finance — careers at the heart of Kenya's growth story. TUCYLA's current trajectory suggests a strong fit for these intellectually stimulating and socially impactful pathways.

HOLIDAY STUDY PROGRAMME

3-Week Holiday Action Plan

Designed for boarding school students · Starts Day 1 of the holiday

WEEK 1 · DAYS 1-7

45 min/day · Mathematics, Social Studies

FOUNDATION WEEK — Close the Critical Gaps
Goal: Build solid foundational understanding in priority areas before the next term begins

- Fractions, decimals, and percentages — 20 practice problems per day
- Basic algebra: simplify and solve linear equations
- Work through 2 past paper questions from your weakest topic

WEEK 2 · DAYS 8-14

30 min/day · Social Studies, Christian Religious Education

BUILDING WEEK — Apply and Consolidate
Goal: Apply foundational knowledge to exam-style questions and consolidate understanding

- Write an essay on a civic topic: elections, rights, responsibilities
- Research one African country's history and compare it to Kenya's
- Practice past paper questions on geography and history topics

WEEK 3 · DAYS 15-21

20 min/day · English, Kiswahili

EXCELLENCE WEEK — Reach for Level 4
Goal: Push strong subjects toward Exemplary level through extension and enrichment

- Write a persuasive speech on a current Kenyan issue
- Analyse a poem or prose extract using literary devices
- Start a reading journal: one novel over the holiday

RECOMMENDED DAILY SCHEDULE

MORNING	Mathematics — 45 minutes structured practice
AFTERNOON	Social Studies — 30 minutes review and application
EVENING	EduNexus Learning Compass session — 20 minutes
